THERMOPLASTIC PRODUCT BROCHURE

3 YEAR

GUARANTEE*

BRIGHTEN UP YOUR PLAYGROUND!

Thermoplastic Playground markings are the perfect way to enhance any playground or recreational area. They're an excellent addition to pre-schools, nurseries, infant, junior, or secondary schools.

Our vibrant thermoplastic markings support a wide range of activities and learning outcomes, from jumping, running, balancing and hopping to educational games that improve spatial awareness, perception, and much more.

We use high-quality pre-formed thermoplastic markings that offer significant advantages over traditional spray paint. They provide brighter colours, longer-lasting results, and improved safety underfoot — ensuring your playground stays inviting and engaging for years to come.
